**SUBJECT: Request for Qualifications for Operating System Providers for the Tunnel to Ontario International Airport Project Addendum No. 2**

Dear Prospective Operating System Providers:

Reference is made to the Request for Qualifications for Operating System Providers for the Tunnel to Ontario International Airport Project (RFQ 23-1002878), issued by the San Bernardino County Transportation Authority ("SBCTA") dated November 15, 2022 (as amended by Addendum No. 1 dated November 21, 2022, the "RFQ"). Capitalized terms used herein but not otherwise defined herein shall have the meanings given to them in the RFQ. This letter shall constitute an Addendum issued in accordance with Section 10 of the RFQ.

In recognition of the value that open communications between prospective Operating System Providers and prospective Design-Build Teams will add to the procurement process, SBCTA hereby modifies RFQ as follows:

1. The definition of "Restricted Person" in Section 35 is amended as follows:

"Restricted Person" means a Prospective Operating System Provider, ~~and each Proposer and Major Participant under the separate Design-Build RFQ process,~~ and any Subcontractor otherwise engaged at the relevant time ~~by any of the same~~ in connection with the Project, in each case including each such Person's agents and representatives (including Key Personnel).

2. Section 11.2.2(a) is amended as follows:

After release of the RFQ, until such time that SBCTA announces the identity of the Prequalified Operating System Providers ~~and the Shortlisted Design-Build Teams under the separate Design-Build RFQ,~~ no Restricted Person will communicate with another Operating System Provider or its team members with regard to the RFQ, the RFP or either team's SOQ. Contact among Operating System Provider organizations is allowed during SBCTA-sponsored informational meetings.

Please note that the next round of Pre-SOQ One-on-One Meetings is scheduled for Thursday and Friday, January 5 and 6, 2023. Please coordinate directly with the SBCTA Procurement Contact to schedule specific meeting times.

Please also note that SBCTA contemplates releasing the next full Addendum to the RFQ on January 9, 2023, including updates to the Procurement Schedule.

All other provisions of the RFQ not specifically modified by this Addendum No. 2 shall remain unchanged.

Sincerely,

Beatriz Valdez  
Director of Special Projects and Strategic Initiatives
