FOR

**“FREEWAY SERVICE PATROL BEAT INTERSTATE 10 (I-10) EXPRESS LANES
SEGMENT 1”**

I. PROPOSAL INSTRUCTIONS

A. INTRODUCTION

The San Bernardino County Transportation Authority (“SBCTA”) is soliciting proposals from qualified contractors (“contractors” or proposers”) to assist SBCTA with **Freeway Service Patrol (FSP) Services** (“Project”). SBCTA has entered into a Memorandum of Understanding with the California Department of Transportation (Caltrans) and the California Highway Patrol (CHP) to operate FSP for traffic mitigation, as well as air quality improvement within San Bernardino County.

Section 21718 (a) of the California Vehicle Code specifically authorizes the CHP to be responsible for FSP stopping on freeways for the purpose of rapid removal of impediments to traffic. Section 91 of the California Streets and Highways Code states that Caltrans has the responsibility to improve and maintain the state highways. Caltrans also has the responsibility for traffic management and removing impediments from the highways.

The FSP consists of a fleet of tow trucks that continuously patrol an assigned Beat along selected San Bernardino County freeways for the purpose of assisting motorists with their disabled vehicles during peak periods of congestion. The stretch of highway that the fleet patrols up and down is referred to as a “Beat”. SBCTA currently has nine (9) Beats in service throughout San Bernardino County.

The areas in which FSP tow services are needed are:

Beat Interstate 10 (I-10) Express Lanes Segment 1: Interstate 10 (I-10) from Mills Avenue (Los Angeles County line) to Interstate 15 (I-15).

If awarded a contract, the Contractor shall have no more than 150 calendar days for Beat I-10 Express Lanes, after the issuance of the NTP No. 1, in which to acquire the required equipment, have it inspected, hire and train FSP Tow Truck Drivers and be operable (mobilization). Any Contractor who cannot demonstrate to SBCTA’s satisfaction that it can meet the above-mentioned requirements will not be awarded the contract.

IV. SELECTION CRITERIA AND WEIGHTS

- A. The selection process shall be fair, open, and competitive.
- B. The selection of the contractor will be based on clearly stated objectives identified in this RFP.
- C. Selection of the contractor shall be based upon demonstrated competence, professional qualifications, experience, and capabilities and overall best value to perform the required Work identified in the Scope of Work.
- D. Upon review of the proposals, a shortlist of contractors within the competitive range will be invited to an interview tentatively scheduled for **Thursday, March 16, 2023**. Interviews will take place at the proposing firm's tow yard. Proposers are advised that a review and score of their tow yard will be part of the evaluation process. The contract will be awarded to the contractor who offers the overall best value, whose proposal best conforms to the RFP, and which is, in the opinion of SBCTA, most advantageous to SBCTA, and with whom a successful negotiation and agreement on cost and price can be concluded. The determination of the competitive range is at the sole discretion of SBCTA's Evaluation Committee.
- E. SBCTA reserves the right to reject any and all proposals and to negotiate with any responsible, responsive contractor. SBCTA is under no obligation to award a contract for the Scope of Work. At the conclusion of the evaluation process, the Evaluation Committee will recommend to the body or officer having authority to award the Contract on behalf of SBCTA ("Awarding Authority") the contractor that offers the best overall value to SBCTA. SBCTA may or may not engage in negotiations with contractors who submit proposals; therefore, the contractor's proposal should contain the most favorable terms and conditions including pricing, since the selection and award may be made without any discussion with any contractor.

 - **Work Plan:** Depth of understanding of SBCTA's needs and requirements, understanding of the Scope of Work. Proposer's approach and methodology/systems reflecting the ability to provide the requested Work. Demonstrated knowledge of the

Work being requested; identification and knowledge of all requirements cited in the Scope of Work; and proposed technical and procedural innovations identified in the proposal - **25 points**.

The maximum score for the interviews is 100 points, which is broken up 50 points for the yard tour and 50 points for the question and answer portion of the interview.

Where traffic conditions permit, safe removal of small debris will be required. The I-10 Express Lanes tow operator will perform a sweep of the entire length of the Beat at the start of the shift, end of shift, and once every hour in between at minimum (please note, subject to change), or less frequently as determined by FSP CHP and SBCTA. Due to I-10 Express Lanes FSP tow truck(s) being somewhat staged rather than roving, the I-10 Express Lanes tow operator shall mobilize immediately upon receiving notification from the Traffic Operations Center (TOC) or CHP or the CONTRACTOR shall be fined five (5) times the hourly contract rate in one (1) minute increments

for the amount of time it takes the vehicle operator to mobilize. Mobilize is defined as an I-10 Express Lanes FSP Certified Tow Truck being en route to a call for service.

Vehicle operators shall be responsible for clearing the toll lanes of automobiles, small trucks, motorcycles, and small debris. When and where conditions warrant, service may be executed on toll lane shoulders. Where conditions do not warrant, the I-10 Express Lanes tow operator will remove the vehicles from the express lanes and off the highway to provide service. During service hours, an I-10 Express Lanes FSP tow truck(s) shall always be prepared to respond to CHP calls for service, respond to calls for service from toll operations, use the CHP designated drop locations for vehicles, and use the designated turnaround locations.

The Express Lanes FSP tow operator may be required to change flat tires, provide "jump" starts, provide one gallon of gasoline or diesel fuel, temporarily tape cooling system hoses, and refill radiators. These services are not all-inclusive. Where conditions permit, safe removal of small debris may also be required. The Drivers are to spend a maximum of ten (10) minutes per disablement in attempting to mobilize a vehicle. If the vehicle is not mobile and able to drive away on its own within ten (10) minutes, the FSP Driver shall contact one of the FSP CHP Officers and advised them of the situation immediately.

If a disabled vehicle cannot be mobilized or relocated within ten (10) minutes, the FSP Driver will offer to tow the vehicle to a designated drop located identified by the FSP CHP. The motorist can also request the Express Lanes FSP tow operator to call the CHP Communications Center to request a CHP Rotation Tow or other service. The I-10 Express Lanes FSP tow operator shall not be allowed to tow as an independent contractor from an incident or assist that occurred during the I-10 Express Lanes FSP shift unless called as a Rotation Tow by CHP after the shift has ended. If called as a Rotation Tow after an I-10 Express Lanes FSP shift, the vehicle operator must first remove all I-10

There may be some instances when the FSP Driver may be requested to provide assistance to CHP Officers in the field. When a CHP Officer in the field directs a Driver to complete a task, the Driver shall follow those directions provided, given the task does not endanger the Driver or the public and is within the Driver's skills and training. The Driver shall only advise the officer of the possible dangers. If the task is not within the FSP policy, an FSP CHP Officer should be notified of the incident. Drivers should not tell the CHP Officer they will not perform the task requested UNLESS they believe they are unable to perform the task safely. Afterwards, CHP will take the necessary steps to avoid future misunderstandings between the Officer and the I-10 Express Lanes FSP Program.

All Express Lanes FSP services shall be provided at no cost to the motorist. The Drivers shall not accept any gratuities, gifts or money to perform any other services, recommend secondary tows, or recommend repair/body shop businesses. The CONTRACTOR shall follow the SOP Manual. The CHP is responsible for the day-to-day field supervision of the Express Lanes FSP Program; therefore, policies and procedures are outlined in the SOP Manual. To promote a safe work environment and to maintain a high level of professionalism, the CONTRACTOR and their Drivers must follow the SOP Manual as this document and all updates will be incorporated into the CONTRACTOR's agreement. Please note that the SOP Manual is updated as needed, and that the CONTRACTOR is responsible to operate and adhere to the most recent version of the SOP Manual at all times.

FSP TECHNICAL ADVISORY COMMITTEE MEETING

CONTRACTOR or its designated management-level representative shall attend the required FSP Technical Advisory Committee (TAC) meetings scheduled every other month. The FSP TAC will encompass focused and informal/formal discussions concerning but not limited to: scope, services, schedule, safety and current progress of services, relevant cost issues, and future project objectives. CONTRACTOR shall be responsible for having a representative attend all FSP TAC meetings who have the ability to make management-level decisions on the behalf of the CONTRACTOR while at the meeting. If the CONTRACTOR cannot have a management-level representative at a FSP TAC meeting, CONTRACTOR shall notify SBCTA and FSP CHP at least two (2) business days prior to the meeting. Management-level attendance at these meetings shall be considered part of the CONTRACTOR’s contractual responsibility. Meetings are scheduled for the entire calendar year; FSP CHP provides the schedule via email.

Please refer to Contract Exhibit “C” for further details on violations and penalties.

2.0 DELAY IN START OF SERVICES FEE

If SBCTA fails to issue a Notice to Proceed No. 2 (NTP No. 2) within 180 days from the issuance of NTP No. 1 SBCTA shall pay CONTRACTOR up to, but not to exceed, the amount of TWO HUNDRED FIFTY DOLLARS AND NO CENTS (\$250.00) per day per FSP Certified Tow Truck to off-set a portion of the CONTRACTOR’s cost for each FSP certified tow truck required under this CONTRACT.

No “Delay in Start of Services” Fee shall be paid for any CONTRACTOR caused or concurrent delay. The “Delay in Start of Services” Fee shall be limited to off-setting a portion of the CONTRACTOR’s truck payments (e.g., lease or purchase payments) and insurance costs for all (depending on if Scenario One or Scenario Two is selected by the evaluation committee) trucks during the delay and shall be calculated on a pro rata basis for each day of the delay (“Permitted Costs”).

The “Delay in Start of Services” Fee shall not include CONTRACTOR's costs and expenses related to storage, maintenance or repair of damage to the trucks during the delay, which costs shall be borne solely by CONTRACTOR. The “Delay in Start of Services” Fee set forth herein is an estimated not to exceed daily rate. However, the exact “Delay in Start of Services” Fee to be paid by SBCTA shall be calculated based on CONTRACTOR invoices for the Permitted Costs described herein up to \$250.00 per day for each tow truck.

If applicable, SBCTA shall pay the “Delay in Start of Services” monthly in arrears and CONTRACTOR shall submit an invoice to SBCTA for its “Delay in Start of Services” costs for the trucks during the delay on a form approved by SBCTA. CONTRACTOR shall include proof of costs and a cover sheet bearing a certification as to the accuracy of the invoice signed by CONTRACTOR's Representative. In no case shall CONTRACTOR's invoice reflect a “Delay in Start of Services” in excess of the not to exceed daily rate set forth herein. Upon receipt of an invoice from CONTRACTOR, SBCTA may request additional documentation or explanation of the costs for which reimbursement is sought. SBCTA shall pay any undisputed invoice within forty-five (45) days of approval of the invoice. The “Delay in Start of Services” shall be CONTRACTOR's sole remedy for any delay in the commencement of Services or issuance of NTP No. 2, and CONTRACTOR shall not be entitled to any other damages or compensation related thereto. CONTRACTOR hereby waives any claim for such damages or compensation.

3.0 CONTRACT REPRESENTATIVES

SBCTA, Caltrans, and the CHP will jointly oversee the Express Lanes FSP services (referred to, singularly or jointly, as “Express Lanes FSP Management”). CHP is responsible for dispatch services to incident locations within the tow truck's patrol limits, otherwise referred to as “Beats”. The dispatching will be done in accordance with the contract for the service. An SOP Manual will be provided to the successful CONTRACTOR explaining the types of incidents to which a Driver may be dispatched. Please note that this SOP Manual is updated as needed and that the CONTRACTOR is responsible to adhere to the most current version of the SOP Manual at all times. Also note that SBCTA’s contract with the successful Proposer(s) will incorporate the SOP Manual and any updates; thus, adhering to the SOP Manual is a contractual requirement.

4.0 SERVICE LOCATION

The I-10 Express Lanes FSP operates on a selected freeway segment referred to as the “I-10 Express Lanes Beat”. This Beat has specific turnaround locations and designated drop locations identified by the FSP CHP. The Beat limits for the I-10 Express Lanes are from Mills Avenue (Los Angeles County line) to Interstate 15 (I-15). Additional information regarding the service location is identified in section 9.0 Beat Description and section 10.0 Beat Map of the SOW.

SBCTA reserves the right, at any time during the contract's term, to adjust Beat specifications (length of the Beat for example) and Beat hours to better accommodate demand for the service. These changes can occur during the course of the contract through written direction by SBCTA (e.g., email). The CONTRACTOR may be requested by CHP to go beyond the limits of its assigned Beat area to assist a motorist in an adjacent Beat area. Drivers may be permitted to do this only upon CHP request. SBCTA reserves the right to add or delete holidays to the work schedule. Travel time to and from the Beat will be at the expense of the CONTRACTOR.

5.0 TOW YARD LOCATION AND SECURITY

The CONTRACTOR shall be responsible for the security of vehicles and property at their facility. At a minimum, must have a secure area to store FSP tow vehicles at their facility, including CONTRACTOR controlled access, fencing or physical barrier separating public access from tow yard, security system, sufficient lighting, and security cameras to where vehicles are stored such as a fenced or enclosed area. The CONTRACTOR is responsible for the reasonable care, custody, and control of any property contained in its facility.

The CONTRACTOR will be responsible for assuring that all SBCTA FSP related equipment is contained in a secure environment and protected from theft or damage. The CONTRACTOR will be responsible for any replacement or repair cost for SBCTA provided equipment that is not considered normal wear and tear.

6.0 EQUIPMENT REQUIREMENTS

A. Tow Truck Requirements.

There will be two (2) tow truck requirement scenarios for the RFP. Both scenarios are required to be filled out by all potential CONTRACTORS when submitting a proposal for this RFP. If a CONTRACTOR does not address and submit pricing/information for both scenarios/options, their proposal may be deemed non-responsive. The scenarios are as follows:

- Scenario 1: One (1) primary flatbed tow truck, and one (1) back-up flatbed tow truck.
- Scenario 2: Two (2) primary flatbed tow trucks, and one (1) flatbed back up tow truck.

Final determination on which scenario will be chosen will be made by the evaluation committee. SBCTA reserves the right to change Beat hours and operational requirements (i.e. length of Beat) during the course of the Contract.

Primary Express Lanes FSP Tow Trucks will be exclusively dedicated to the Express Lanes FSP services during the hours of Express Lanes FSP operations. They are not required to be exclusive during non-Express Lanes FSP hours.

The Express Lanes FSP will use conventional two-vehicle car carrier/flatbed Class A tow trucks with seating capacity for five (5). The tow trucks will have a minimum gross vehicle weight rating of 21,000 pounds and a rear gross adjusted weight rating of 15,000 pounds. All trucks proposed for use in the Express Lanes FSP Program should be less than a year old with a maximum of 50,000 miles on the chassis and working parts of the truck at the onset of the contract, free of any mechanical defects or physical damage and have a clear (non-salvage) title. Extenuating circumstances dictating departure from this specification should be at the consensus of the local Express Lanes FSP partners. The CHP, in conjunction with Caltrans and SBCTA, should verify the original purchase dates to ensure Express Lanes FSP compliance.

All Express Lanes FSP flatbed tow trucks must be Department of Transportation (DOT) compliant, as well as California Air Resources Board (CARB) compliant. This includes an engine that has been certified by CARB, as required by law in the State of California. Any flatbed tow truck that is utilized for the Express Lanes FSP Program must comply with emission standards set forth by DOT and CARB, as well as all Local, State and Federal laws applicable to that truck, and as outlined in the RFP.

Prior to commencement of service, the CONTRACTOR will need to provide the License plate number(s) for each primary and back-up flatbed tow truck to SBCTA and FSP CHP. CHP will inspect each tow truck designated for the Express Lanes FSP Program in San Bernardino County to ensure that it meets the tow truck specifications and to ensure that it meets or exceeds safety requirements. These inspections will occur prior to the start of service. Succeeding inspections will occur periodically as determined by the FSP CHP officers. Documentation of the vehicle identification number and successful completion of the inspection will be kept on file at the CHP office and CONTRACTOR's local office. Any unsafe, poorly maintained Express Lanes FSP Certified Tow Truck(s) or improperly equipped Express Lanes FSP Certified Tow Truck(s) shall not be allowed into service, and if discovered during the shift, shall be removed from service or repaired as directed by the CHP. The CONTRACTOR shall be fined **five (5)** times the hourly contract rate in one (1) minute increments for ALL service time lost. The CONTRACTOR will be required to have an Express Lanes FSP Certified Back-Up Tow Truck available for service during their Express Lanes FSP Beat shift(s).

Please note that Express Lanes FSP Certified Back-Up Tow Trucks for existing Express Lanes FSP tow operator contracts with other Express Lanes FSP agencies (i.e., not with SBCTA) do not qualify as meeting the certified SBCTA Express Lanes FSP Back-Up truck requirement(s).

Express Lanes FSP tow trucks bearing the service patrol title, FSP logo, and the vehicle identification number shall be painted all white (includes the hood, fenders, doors, boom and bed area). No trim will be allowed. Lettering shall be in block lettering and shall be no less than two inches by two inches and no greater than four inches in height. Lettering can **ONLY** be black in color and will be bold style parallel to the ground. Letters shall be placed on the lower body of the truck toward the cab. Please note that the boom must be solid white with no names, phone numbers, and advertising of any kind. The overall look of the truck must be approved by FSP CHP prior to service implementation; therefore, any questions regarding this policy is highly recommended to be discussed with the FSP CHP officers prior to implementing, as truck compliance with current State and SBCTA Express Lanes FSP standards is required. No other accessory equipment or signage (bumper stickers, employment advertisement, and so forth) shall be mounted or installed without prior FSP CHP officer approval. This includes but is not limited to brass, chrome wheel covers, window tint, etc.

All Express Lane tow trucks are required to have three FSP signs affixed to them. One magnetic FSP sign is required to be on each front door of each of the trucks, along with a third FSP sign on the left side of each tow truck bed during all FSP shifts, unless authorized otherwise by an FSP CHP Supervisor. The FSP sign depicts the three different governmental agencies responsible for the program in San Bernardino County (SBCTA, CHP and Caltrans). In addition, the Express Lane tow trucks shall also have three magnetic "EXPRESS LANE" signs affixed to it. One magnetic EXPRESS LANE sign is required to be on each rear door of each truck, along with a third EXPRESS LANE sign on the right side of each tow truck bed during all FSP shifts, unless authorized otherwise by an FSP CHP Supervisor.

Please refer to Contract Exhibit "C" for further details on violations and penalties.

SBCTA follows and relies on the policies and procedures set forth in the SOP Manual developed by the County of San Bernardino Express Lanes FSP CHP Program. Please note that the SBCTA Express Lanes FSP equipment list is subject to change at any time, and may be different from Express Lanes FSP Program equipment lists found in other counties.

Each Express Lanes FSP tow truck shall be equipped in accordance with the SOP Manual and shall include the following equipment, please note that if a company decides to add on any of the

OPTIONAL equipment, and is something CHP would test for proficiency, they will do so for every driver that is tested from that company.

The Driver shall be required to complete a pre-operation shift inspection log of the tow vehicle as well as inventory of the required equipment prior to the start of each shift. An Inspection form, which is in the tablet data collection software, shall be completed by the Driver prior to the start of each shift and be available for inspection by the FSP CHP and/or SBCTA. Any equipment that is malfunctioning or missing must be replaced prior to the start of the shift. All equipment on the truck(s) shall be secured.

Installation of Express Lanes FSP related equipment:

Upon execution of the contract, SBCTA will designate and cover the cost of the selected installer for the SBCTA Express Lanes FSP digital radio equipment and SBCTA's Automatic Vehicle Locator (AVL) equipment. SBCTA covers the initial cost of the Express Lanes FSP digital radio and the AVL equipment as well. Please note that SBCTA, along with the installer, must be able to access the required primary and back-up Express Lanes FSP tow trucks no later than ten (10) business (Monday through Friday) days prior to the start date of the Beat. No exceptions. If SBCTA is not able to access the required primary and back-up Express Lanes FSP tow trucks by the tenth (10th) business day deadline, the CONTRACTOR shall be assessed a fine as detailed in Exhibit "C" of the contract.

At times, equipment such as an "outside speaker", or a handheld "mic," and/or "Express Lanes FSP Tablet" for example, may need to be replaced due to normal wear and tear. If SBCTA-provided equipment needs to be replaced due to normal wear and tear, SBCTA will provide the CONTRACTOR with replacement equipment at no charge. However, please note that if Express Lanes FSP-related equipment needs to be replaced due to negligence by the CONTRACTOR or any of its staff, including Drivers, the cost of the equipment and the installation expense will be deducted from the CONTRACTOR'S invoice/payment that same month or the following month (depending on when the incident occurred). CONTRACTORS, Supervisors/Managers and Drivers are required to contact SBCTA and one of the Express Lanes FSP CHP officers immediately when any SBCTA Express Lanes FSP equipment is damaged, failing or has failed, and the CONTRACTOR will be provided with a replacement part by SBCTA or by one of the Express Lanes FSP CHP officers. If a replacement part is not immediately available, then the CONTRACTOR will be asked to have their "Express Lanes FSP Certified Back-Up Tow Truck" on the Beat to cover the shift.

With the written permission of SBCTA (email is allowed), the CONTRACTOR may install some replacement equipment (e.g., an "outside speaker" or a "mic") as long as the CONTRACTOR installs the equipment per SBCTA and SBCTA standards. If a CONTRACTOR is given the authorization to install Express Lanes FSP-related equipment, and has any questions regarding "installation standards", the CONTRACTOR is to contact SBCTA or one of the Express Lanes FSP CHP officers for further instructions/information. If provided the authorization by SBCTA or FSP CHP, the CONTRACTOR must install equipment in the safest possible manner, and the installation of the equipment must comply with all Express Lanes FSP equipment guidelines and San Bernardino Express Lanes FSP installation standards for safety reasons.

Please note that equipment requirements are subject to change at any time. For the most updated equipment list, please refer to the latest SOP Manual.

B. Express Lanes FSP Certified Back-Up Tow Truck.

The CONTRACTOR shall be required to have one Express Lanes FSP Certified Flatbed Back-Up Tow Truck available for the I-10 Express Lanes Beat during Express Lanes FSP service hours. The I-10 Express Lanes Flatbed truck must be in full compliance with this Contract, unless otherwise authorized by SBCTA in writing. The Express Lanes FSP Certified Back-Up Tow Truck should be used when a primary Express Lanes FSP Certified Tow Truck is unavailable. The Express Lanes FSP Certified Back-Up Tow Truck shall meet the same requirements for equipment, set-up and color as a primary Certified Express Lanes FSP Tow Truck. It shall meet all the vehicle equipment specifications. Please refer to Exhibit "C" of the contract for further details on violations and penalties. Express Lanes FSP Certified Tow Trucks are subject to inspections during Express Lanes services hours and non-Express Lanes FSP service hours by CHP.

If an Express Lanes FSP Certified Back-Up Tow Truck is needed to replace one of the primary Express Lanes FSP Certified Tow Trucks on Beat, the CONTRACTOR shall meet all Contract obligations as outlined, which includes the vehicle's availability to work the Beat area within the 30 (thirty) minute time period (after which penalties begin to accrue).

C. Vehicle Breakdown and Other Missed Service.

An Express Lanes FSP Certified Back-Up Tow Truck must be in service on the Beat within thirty (30) minutes of the time when a primary Express Lanes FSP Tow Truck is taken out of service for any reason. The CONTRACTOR shall not be paid for the time period that the contractually required trucks are not in service. If a vehicle is not made available within the 30 minute time period, the CONTRACTOR shall be fined **five (5)** times the hourly contract rate in one (1) minute increments until an Express Lanes FSP Certified Back-Up Tow Truck is provided. This 30 minute period prior to the imposition of fines shall not apply to trucks removed from service for failure to meet specifications or safety requirements as set forth in accordance with section 4.0 "Equipment Requirements" paragraph A "Tow Truck Requirements", in which case fines shall begin immediately. If an Express Lanes FSP Certified Tow Truck is not ready due to a breakdown at the start of a shift, the fine time will be calculated from the start of the shift. If the entire shift is missed, the CONTRACTOR shall be fined for the entire shift at **five (5)** times the hourly rate. Express Lanes FSP tow truck maintenance shall be performed during non-Express Lanes FSP service hours.

In the event that an Express Lanes FSP Certified Back-Up Tow Truck is required to continue the shift, the Driver must complete a new inspection worksheet and mileage log prior to the commencement of driving the tow truck and notify one of the FSP CHP Officers/Supervisors immediately. In addition, the Driver must indicate in the "notes" section of the FSP Tablet (per section 4.0 "Equipment Requirements" paragraph E "Communications Equipment") that the CONTRACTOR has switched to an Express Lanes FSP Certified Back-Up Tow Truck.

In addition, failure to have an FSP Express Lanes FSP Certified Back-Up Tow Truck Driver available is not an allowable excuse for failing to have a FSP Express Lanes FSP Certified Back-Up Tow Truck on the Beat within the 30 (thirty) minute time period.

Please refer to Contract Exhibit "C" for further details on violations and penalties.

Please note: Existing FSP tow operator contracts with the Riverside County Transportation Commission (RCTC) or any other FSP service do not qualify as meeting the Back-Up tow truck requirement noted above.

D. Vehicle Identification.

It shall be the Driver's sole responsibility to place detachable FSP markings on each vehicle during the service hours and to remove or cover the FSP markings immediately upon completion of each shift. SBCTA will supply the CONTRACTOR with the appropriate number of detachable markings for the Beat). If a marking is lost or damaged, the CONTRACTOR shall be responsible for the cost of the replacement markings. All FSP markings shall be returned immediately at the termination of the contract. The cost of any item or equipment supplied by SBCTA, Caltrans or CHP that is not returned shall be deducted from the CONTRACTOR's final payment.

All Express Lane tow trucks are required to have three FSP signs affixed to them. One magnetic FSP sign is required to be on each front door of each of the trucks, along with a third FSP sign on the left side of each tow truck bed during all FSP shifts, unless authorized otherwise by an FSP CHP Supervisor. The FSP sign depicts the three different governmental agencies responsible for the program in San Bernardino County (SBCTA, CHP and Caltrans). In addition, the Express Lane tow trucks shall also have three magnetic "EXPRESS LANE" signs affixed to it. One magnetic EXPRESS LANE sign is required to be on each rear door of each truck, along with a third EXPRESS LANE sign on the right side of each tow truck bed during all FSP shifts, unless authorized otherwise by an FSP CHP Supervisor. The Driver shall be required to keep the title and logos clean, straight and in readable condition throughout the service patrol's operation. The CONTRACTOR is also required to keep all FSP- related signage completely flat, clean, out of direct sunlight and out of public view when being stored.

E. Communications Equipment.

Each Express Lanes FSP vehicle shall be equipped with various communication devices that will enable the Driver to communicate with the CHP Communications Center and FSP CHP Officers. All vehicles shall be equipped with an AVL system, radios, and handheld Tablet Computers for data collection. The AVL system, radio system, and handheld Tablet Computers shall be purchased, owned, supplied, and installed by SBCTA only. SBCTA shall select the equipment installation vendor.

The CONTRACTOR shall be responsible for maintaining the security of the SBCTA-owned vehicle communication equipment. The CONTRACTOR shall be liable for any damage other than normal wear and tear to the communication equipment. The CONTRACTOR shall also be liable for the full replacement value of the communication equipment installed in the trucks while in the care, custody and control of the equipment. SBCTA shall pay for repair of normal wear and tear to equipment. However, SBCTA will deduct from CONTRACTOR's monthly invoice, any repair fees and/or the full replacement cost of any SBCTA equipment damaged or altered due to CONTRACTOR's improper use or negligence. SBCTA-supplied vehicle equipment shall be returned immediately (within one to three business days – pursuant to direction by SBCTA Express Lanes FSP staff) upon contract termination. The cost of any equipment not returned shall be deducted from the CONTRACTOR's final payment.

Programmable scanners capable of scanning between the 39 and 48 MHz used by CHP shall be supplied by the CONTRACTOR and shall be installed and securely mounted in all Express Lanes FSP Certified Tow Trucks by the CONTRACTOR.

The CONTRACTOR is also required to use Push to Talk Plus for Verizon Wireless (or equivalent direct connect device that will pair with Verizon Push to Talk Plus CHP devices). ***Special Note: If you are considering purchasing something else other than a Verizon Push to Talk Plus device, please confirm with SBCTA and/or FSP CHP as to whether or not the device will be compatible***

with existing CHP equipment. Equipment purchased for the Express Lanes FSP Program must be compatible with FSP CHP officer devices which are currently Verizon Push to Talk Plus devices in order to facilitate proper communication with the CHP Communications Center and FSP CHP field supervisors. Verizon phones shall be purchased, owned, maintained, and paid for by the CONTRACTOR. The CONTRACTOR will also be responsible for all operating costs of the Verizon cell phones. In addition, Drivers are not permitted to take pictures or video, or to capture any other images while performing FSP duties during Express Lanes FSP operational hours, or capture any FSP-related images during non-Express Lanes FSP service hours. These actions will not be tolerated and a Driver that is found doing this will not be permitted to work in the Express Lanes FSP and FSP Program. Drivers are not permitted to download or share any data or images related to the FSP Program. If any FSP related data or images are found on any social media outlet or networks not authorized by SBCTA, the driver or drivers associated with the incident will be removed from the program.

Data input to the Tablet Computer shall not be allowed while the vehicle is being operated/driven. Use of other devices, such as cellphones, while driving/operating a vehicle is subject to California State Law.

The Express Lanes FSP vehicles shall be equipped with a public address system. The public address system shall have the capability to audibly transmit instructions from the cab of the Express Lanes FSP vehicle to the motorist of the disabled vehicle when the Express Lanes FSP vehicle is directly to the rear of the disabled vehicle.

The CONTRACTOR shall purchase and maintain a computer workstation (not a laptop) with high speed internet access and email to communicate with SBCTA, staff, and FSP CHP officers. Please note email is the primary means by which FSP Management (SBCTA, CHP, and Caltrans) communicate various operations messages. 4.6 INTENTIONALLY OMITTED

4.7 INTENTIONALLY OMITTED

4.8 CONTRACTOR agrees that throughout the term of this Contract, it shall not enter into any other FSP service contracts with any other public entities within the Southern California region, pursuant to which CONTRACTOR agrees to charge "FSP" service fees less than those charged under this Contract for substantially the same level of "FSP" services

contemplated by this Contract. Should SBCTA establish that CONTRACTOR has agreed to charge such lower fees to another government agency, CONTRACTOR agrees to reduce its fees under the Contract to the lower fees charged to the other governmental agency and to refund SBCTA an amount equal to the difference between the fees provided in this Contract and the lower fees charged to the other government agency.

4.9 **EXTRA WORK:**

At any time during the term of this Contract, SBCTA may request CONTRACTOR to perform Extra Work. "Extra Work" shall mean any work which is determined by SBCTA to be necessary for proper completion of the Work, but which the parties did not reasonably anticipate would be necessary at the time of the execution of this Contract. Such work includes Construction FSP services, Weekend FSP services, and coverage of other Beats for which Contractors are selected in SBCTA's sole determination based on their Beat proximity and performance. "Extra Work" shall be compensated at the hourly rate as identified in Exhibit "B". CONTRACTOR shall not perform, nor be compensated for, Extra Work except as specifically authorized by SBCTA in writing prior to performance. Authorization for Extra Work up to \$25,000.00 will be subject to prior verification of then-existing contract authority and must be pursuant to SBCTA program manager's prior written approval, which may be provided via email. Authorization for "Extra Work" above \$25,000.00 must be issued by a written contingency amendment or contract amendment as applicable. All terms and conditions of this Contract shall apply to any "Extra Work" performed.

4.10 **COVERAGE OF OTHER BEATS**

At times, other FSP Contractors will not be able to cover their shifts or complete their contractual obligations. A CONTRACTOR assigned to provide coverage on another contract/Beat is considered Extra Work and required to follow all FSP operational rules, policies and procedures for that Beat. CONTRACTOR's hourly rate for coverage shall be contracted FSP service hourly rate in this agreement.

In order for a CONTRACTOR to be considered for coverage of other Beats, the following criteria must be followed:

This work is paid for with funds from specific projects and not the FSP State Highway Account/FSP SB1 funds. This is considered to be Extra Work as described in Section 4.9, and will all require the authorization of SBCTA's Program Manager in writing as well as a written contingency amendment or contract amendment as appropriate. There are three types of CFSP services that can occur:

1. Caltrans requested CFSP: Caltrans led projects that are part of the Caltrans/SBCTA CFSP Cooperative agreement No. 20-1002437. These projects will also require the issuance of a Caltrans Task Order (CTO).
2. SBCTA requested CFSP: SBCTA led projects that will be funded by SBCTA.
3. City requested CFSP: City led projects that will be funded by the City.

Construction FSP services will typically be performed during non-regular SBCTA FSP hours. Should there be any cancellation of work, the following schedule will be followed for compensation of cancelled work:

- If the CONTRACTOR is scheduled to patrol the construction site, and is notified of a cancellation with less than a 24-hour notice, the CONTRACTOR will be compensated for three (3) hours of the agreed upon hourly truck rate.
- If the CONTRACTOR is notified during a CFSP beat that CFSP has been cancelled, the FSP operator will be paid for the entire shift period up to a maximum of eight (8) hours.

For purposes of CFSP, a shift period is defined as: the actual time of the CFSP shift assigned or a maximum of eight (8) contract truck hours, whichever is less.

The supervising FSP CHP Officer for the CFSP beat will make the final determination as to whether the CONTRACTOR will continue the CFSP beat or will return to its office.

ARTICLE 5. MOBILIZATION COSTS PAYMENT

CONTRACTOR shall pay back the \$_____ advance payment made at the time that the NTP No. 1 was provided. CONTRACTOR shall pay back this payment in twelve (12) equal monthly installments to be deducted from their monthly invoice by the Project Manager.

Failure to pay back the entirety of the Mobilization costs will result in withholding remaining balance from the final payment in the event of early termination.

When SBCTA becomes aware that any portion of Work will or may be affected by a shortage of funds, it will promptly notify CONTRACTOR. CONTRACTOR agrees that individual items of cost identified in the audit report may be incorporated into the Contract at SBCTA's sole discretion. CONTRACTOR shall require all of the policies and coverages required in Article 22 of this CONTRACT to waive all rights of subrogation against the Additional Insureds (ISO Form CG 24 04 05 09). Such insurance and coverages provided shall not prohibit CONTRACTOR from waiving the right of subrogation prior to a loss or claim.

The insurance required or provided shall in no way limit or relieve CONTRACTOR of its duties and responsibility under the Contract, including but not limited to obligation to indemnify, defend and hold harmless the Indemnitees named below. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve CONTRACTOR for liability in excess of such coverage, nor shall it

preclude SBCTA from taking other actions as available to it under any other provision of the Contract or law. Nothing contained herein shall relieve CONTRACTOR, of their obligations to exercise due care in the performance of their duties in connection with the Work, and to complete the Work in strict compliance with the Contract.

22.2.9 No Waiver. Failure of SBCTA to enforce in a timely manner any of the provisions of this Article shall not act as a waiver to enforcement of any of these provisions at a later date.

22.2.10 Higher limits. If CONTRACTOR maintains higher limits than the minimums shown above, SBCTA shall be entitled to coverage for the higher limits maintained by CONTRACTOR. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to SBCTA.

Government Code Section 84308, 2 California Code of Regulations 18438.1, et seq.

No Member of the Board of Directors or alternates of the San Bernardino County Transportation Authority shall receive or solicit a campaign contribution of more than \$250 from Bidder or Bidder's agent during the time of: 1) Bid solicitation; 2) Consideration of Bids received; and 3) Awarding of a contract or execution of a purchase and sale agreement based on a Bid (collectively referred to as the "Proceeding"), and for 12 months following the conclusion of the Proceeding. This prohibition does not apply to the awarding of contracts that are competitively bid. In addition, Directors and alternates cannot participate in any such matters if they have received more than \$250 in campaign contributions within the last year from anyone financially interested in the Proceeding, such as Bidder and/or Bidder's agent.

Pursuant to these requirements, Bidder shall disclose any campaign contribution in an amount of more than \$250 made by Bidder, and/or Bidder's agent, to any Director within 12 months from the date of these Bid Documents/Request for Proposals (as applicable). For the purpose of this disclosure obligation, contributions made by Bidder within the preceding 12 months shall be aggregated with those made by Bidder's agent within the preceding 12 months or the period of the agency relationship between the Bidder and Bidder's agent, whichever is shorter. In addition, Bidder and/or Bidder's agent shall not make a contribution of more than \$250 to a Director or alternate during the Proceeding and for 12 months following the conclusion of the Proceeding.

The disclosure by Bidder, as set forth, herein, shall be incorporated into the written record of the Proceeding and shall be made available to the public for inspection and copying.
