The San Bernardino County Transportation Authority (SBCTA) operates a motorist aid call box system consisting of cellular and satellite call boxes, all teletypewriter (TTY) equipped, that requires extensive year-round maintenance, repairs, upgrades and other related fieldwork to ensure the proper functioning and appearance of the call box system. SBCTA's current call box network consists of approximately 777 cellular call boxes which includes 32 satellite call boxes located on highways and freeways throughout San Bernardino County. Routine maintenance is conducted monthly, but some repairs may require immediate attention depending on the nature of the damage to the call box. To efficiently manage the maintenance of the call box system, a computerized maintenance system is required to notify the CONTRACTOR of repairs needed and to view, track, photograph and record every repair made to the call box system.

I. GENERAL CONDITIONS

A. Work to be Performed

CONTRACTOR shall perform all work necessary to maintain the motorist aid call box system in a satisfactory manner as detailed in this Scope of Work (SOW). No tasks under this SOW shall be performed by a sub-contractor without the written consent of the SBCTA Project Manager. CONTRACTOR must be located in or have a field office within San Bernardino County. Unless otherwise provided, CONTRACTOR shall furnish all materials, equipment, tools, labor, and incidentals necessary to complete the services for the specified flat fee. Instructions for accessing a list of call box location information are available upon request. All work shall be in compliance with the California Highway Patrol (CHP)/Caltrans Call Box and Motorist Aid Guidelines – Attachment E, Caltrans requirements, American with Disabilities Act (ADA) regulations, and all other applicable federal, state, and local laws. CONTRACTOR is alerted to and is responsible for complying with all applicable prevailing wage laws as further set forth in Section I.E of this SOW and Article 42 of the Contract. CONTRACTOR shall facilitate at its own cost all transition tasks with the previous maintenance provider, if applicable, including, but not limited to, transfer of call box materials, swapping of call box data, and other related tasks. CONTRACTOR is expected to start repairs immediately at start of the contract period with the appropriate staffing levels and materials necessary. It is the responsibility of the CONTRACTOR to account for repairs that may not be completed or have not been started by the previous maintenance CONTRACTOR. The call box system shall be handed over to the CONTRACTOR in an "as-is" condition.

B. Plans and Specifications

CONTRACTOR shall keep at the local office, a copy of all plans, specifications and schematics to which SBCTA shall have access to at all times. Any additional documentation or specifications for new equipment or processes (i.e. transceiver, TTY) shall also be kept by CONTRACTOR in the local office and be available for review by SBCTA. Any call box specification plans the CONTRACTOR

does not have shall be created by CONTRACTOR as part of an administrative task and may be facilitated by the SBCTA Project Manager.

C. Rights of Entry and Permits

CONTRACTOR shall be responsible for ensuring all rights of entry, encroachment permits, and other licenses or permits required to perform the work necessitated by this SOW have been granted and are in effect prior to performing work on the call box system during the term of the Contract.

D. Materials and Workmanship

All materials, parts, and equipment furnished by CONTRACTOR shall be of high grade and free from defects. Enclosures shall not be replaced with others of lesser quality as measured by paint brightness and coating integrity. Quality of work shall be in accordance with generally accepted standards. Materials and work quality shall be subject to SBCTA's approval.

E. Labor

Only competent workers shall be employed for tasks under this Agreement. Any person found by SBCTA to be incompetent, disorderly, working under the influence of alcohol or controlled substances, unsafe, or otherwise unfit to perform the work shall be removed by CONTRACTOR and not re-employed for services under the Contract. SBCTA shall have final approval on the lead staff assigned or changes to lead staff to this Contract.

CONTRACTOR is alerted to and is responsible for complying with all applicable prevailing wage laws as further set forth in Article 42 of the Contract.

F. Inspection

All performance (including services, materials, supplies, and equipment furnished or utilized) shall be subject to inspection and approval by SBCTA. Any SBCTA authorized representative shall have access to CONTRACTOR's office(s) utilized for this project.

G. Condition of Site

Throughout the term of the Contract, CONTRACTOR shall keep call box sites clean and free of rubbish and debris (including removed pad material, removal of ants/bugs from the handset/callbox housing area if needed, and the removal of miscellaneous stickers/notices that may have inappropriately been applied to call boxes and/or call box signs/poles, etc.) Keep inside of call box and the hand set unit clean as well. All unnecessary materials and equipment shall be removed from the call box site immediately or as soon as the materials, tools, and equipment are no longer needed.

H. Reuse of Parts:

CONTRACTOR shall reuse parts that have been damaged or replaced assuming CONTRACTOR has repaired the parts and ensured that functionality is not degraded and the integrity of the component is not compromised.

I. Reserve Inventory

CONTRACTOR is required to maintain a sufficient quantity of call box equipment, parts, and materials in stock in its local office to fulfill the requirements of this SOW. Replenishing the call box equipment stock is the sole responsibility and at the cost of the CONTRACTOR. SBCTA acknowledges any materials purchased by the CONTRACTOR that remain unused at the end of the contract are the property of the CONTRACTOR.

J. Storage of Materials

CONTRACTOR shall be responsible for storing and maintaining materials in a manner that preserves their quality and fitness for future use. CONTRACTOR shall store call box housings, electronics, poles, and other appurtenances within its warehouse. CONTRACTOR shall relinquish any and all remaining SBCTA owned materials upon termination of the contract.

The devices to be provided by the CONTRACTOR must include, but are not limited to, a cell phone, office phone, fax machine, email services and drop box capabilities, if needed, to send and receive large files and databases relating to the call box system.

II. CALL BOX MAINTENANCE SYSTEM AND DATABASE

SBCTA is responsible for obtaining all call box data and providing it to the successful CONTRACTOR to be inputted into its maintenance system. The CONTRACTOR shall facilitate such transfer by working with SBCTA to format data accordingly. The CONTRACTOR will not be compensated for maintenance tasks until the maintenance system is fully operational. SBCTA retains ownership of all files containing call box related data provided to the CONTRACTOR. All such data, including newly inputted data related to the tasks performed by the selected CONTRACTOR, shall be turned over to SBCTA at the termination of the Contract, in a Microsoft Excel format or other format as identified by SBCTA.

The CONTRACTOR's maintenance system shall be made compatible with the SBCTA call box communication devices. It is the CONTRACTOR's responsibility to upgrade its maintenance system in order to perform the necessary maintenance of the SBCTA call boxes and the overall system. CONTRACTOR is responsible for ensuring the maintenance system has a data back-up plan in place so that the information stored is not compromised during system malfunctions. CONTRACTOR shall not change any devices in the call boxes to make them compatible with CONTRACTOR's maintenance system. Any changes and/or upgrades to the maintenance system shall be at the cost of the CONTRACTOR. All SBCTA call boxes shall be monitored by a maintenance system and each cellular call box shall make one (1) call once a day, and all satellite call boxes shall make one (1) call every five (5) days into the into the system for a diagnostic checkup.

Each day, SBCTA may request the CONTRACTOR provide an exception report (a list of those call boxes scheduled to call in that day that were not able to call in successfully and the reason why – alarm code, etc.). If the CONTRACTOR, per the exception report, sees an area where it appears a large number of call boxes have suddenly stopped working, SBCTA shall be made aware of the possible concern, and the CONTRACTOR shall make the appropriate outreach to SBCTA's cellular provider.

The CONTRACTOR is responsible for maintaining an electronic call box system database that contains general information about SBCTA's call boxes, work performed, photos of the call box site (before and after repairs) and records of all work orders. Information contained in the call box system database, maintenance records, copies of work orders, etc., must be easily retrievable and exportable

into a Microsoft Excel spreadsheet and must be accessible to SBCTA at any time via Internet connection or equivalent means acceptable to SBCTA.

The call box system database shall include, at a minimum, the following information:

- General description of the call box system, including but not limited to, latitude and longitude of call boxes, call box site type as specified in Exhibit A, CHP/Caltrans Call Box and Motorist Aid Guidelines - Attachment E, call box location description and current call box status.
- Description of all corrective maintenance visits including the call box sign number, date and time of work issue date, date and time of visit, date and time work completed (if different from the first visit), description of work performed, and notation of tech that addressed the work;
- Description of preventive maintenance visits including the call box sign number, date and time of visit, pictures taken of call box (including call box site area) during each preventative maintenance visit, description of work performed if it deviates from the standard preventive maintenance requirements, and a notation as to which tech addressed the work;
- Description of other site work including, but not limited to the following: knockdowns, vandalism, sign repair, site repairs, other repairs, CHP reports, removals, reinstallations, pad replacements or removals. Pictures of knockdowns (before and after) to also be included. These entries shall also include the work issue date and time (alarm date where applicable), site visit date and time, sign number, date and time of completion, and name of tech.

CONTRACTOR shall furnish its own digital camera, GPS devices, and other devices or equipment necessary to provide the above information in the maintenance system. CONTRACTOR shall keep the maintenance system updated and current to prevent misinformation, so that SBCTA has access to the most updated information/data possible regarding the San Bernardino call box system.

Some specifications of the Call Box System Database and overall maintenance system may be altered by CONTRACTOR with prior written approval (email is acceptable) from SBCTA Call Box Program staff. At the written request of SBCTA Call Box Program staff, additional information in the call box system database may be added or unnecessary information deleted.

All information, including historical data, within the maintenance system must be accessible to SBCTA Call Box Program staff at any time via Internet connection or equivalent means acceptable to the SBCTA. SBCTA should have access to monitor all repairs, the timeliness of such repairs, and the number of times each call box calls into the maintenance system via the maintenance system.

During a project kick-off meeting after award of the Contract, SBCTA and CONTRACTOR will finalize the components and layout of the call box system database, and determine appropriate access for SBCTA.

III. CALL BOX MAINTENANCE TASKS

The CONTRACTOR shall perform the following tasks and administrative tasks routinely throughout the term of the Contract. All special projects will be initiated through SBCTA and agreed upon in writing by both parties as described in Task F. Compensation for all work is described in Attachment B, Price Proposal.

Some call box repairs and maintenance tasks may need to be performed immediately if they present a potential hazard or if call box components are damaged and in the way of traffic. Should CONTRACTOR need to pick up damaged call box parts, CONTRACTOR shall also repair the call box at the same time to minimize the number of trips needed to repair the call box, to the extent reasonable. An inoperable call box shall be bagged (yellow call box and blue call box signs both to be bagged) by the CONTRACTOR if left unattended to make such trips. In addition, at the request of SBCTA, CONTRACTOR shall remove call boxes permanently from the system as described in Task E, which may be necessary throughout the term of the Contract.

Task A. Corrective Maintenance

CONTRACTOR shall perform corrective maintenance as needed on all call boxes. Corrective maintenance includes all repairs to the call box associated with electronics, transceivers, power supply (battery and solar panel), and the interface with the cellular system provider or anything that affects the proper function of the call box. All equipment and materials used to perform repairs must be removed immediately after completion of the repair. Corrective maintenance requires that the CONTRACTOR be accessible to the call box call answering center (CAC), CHP, and SBCTA to report non-operational call boxes.

Upon notification from CHP, CAC, SBCTA or the maintenance computer that a call box is out of service, CONTRACTOR shall determine the cause. If due to general failure of the call box, CONTRACTOR shall take the necessary action to restore it to a good operating condition, including the repair or replacement of parts, components, and mountings as needed. Activities falling within the definition of corrective maintenance shall be completed by 4:00 p.m. on the same day for events reported by 8:00 a.m. on a workday. For events reported after 8:00 a.m., the call boxes shall be operable by 4:00 p.m. on the following workday. For events reported on a holiday or weekend, the call box shall be repaired by 4:00 p.m. on the first workday following notification of the event. In the event that the call box is obstructing traffic, CONTRACTOR shall respond immediately. CONTRACTOR shall provide management and field staff sufficient to perform repairs on call boxes within the established time periods. Should the CONTRACTOR not be able to meet these specified timeframes, CONTRACTOR must notify SBCTA in writing of the reasons why such repairs shall be delayed.

If CONTRACTOR is unable to put a call box back in service during the first visit to the box after notification of its failure to perform, CONTRACTOR shall cover and securely attach a heavy duty plastic bags over the yellow call box *and* both large blue call box signs for each “out of order” call box; **this is critical**. CONTRACTOR shall remove the plastic bag(s) once the call box is back in service.

Task B. Preventive Maintenance

CONTRACTOR shall perform the following preventive maintenance tasks at least two (2) times a year, at approximately six-month intervals, as necessary to keep call boxes clean and operational. Call boxes with adjunct devices shall be maintained similarly.

CONTRACTOR shall report to SBCTA any unusual findings made while performing preventive maintenance. Some preventive needs may be reported by SBCTA and shall be addressed by CONTRACTOR on preventive maintenance visits.

The preventive maintenance activities for all call boxes, shall include, but are not limited to, the following tasks:

- Cleaning, sanding off rust, and painting of call box housings as necessary;
- Checking call box housing door, magnet, and spring;
- Replacement or addition of outdated, damaged, or missing instruction placards and vandalism stickers;
- Removal of items not part of the call box such as stickers and garbage bags;
- Inspection and anti-corrosion treatment of external electrical connections;
- Operational check of call box controls and system operational sequence including performance of voice test calls on each call box;
- Check outer door, handset, and illumination for proper operation;
- Check hook switch;
- Check cellular antennae and cable;
- Minor cleaning of the surrounding area of the call box (includes minor pruning, pulling of weeds and debris removal, spraying for insects);
- Visual inspection of the solar panel orientation and cleaning of the solar panel collecting surface;
- Testing of the TTY screen for brightness and legibility, and testing of the TTY keyboard for functionality and keeping both clean. In addition, CONTRACTOR shall make one (1) TTY test call to the CAC from each of three (3) call boxes for which preventive maintenance was performed each day. CONTRACTOR is responsible for tracking the TTY call box tests to ensure that tests are being distributed across the system;
- Inspection and repair of the pedestrian pad;
- Inspection of pathway from the traffic lanes to the call box for wear and tear or vandalism;
- Maintenance of the call box mounting pedestals or other devices used for mounting the call boxes on sound walls;
- Replacement of faded call box blue sign and missing letter and number stickers;
- Taking an updated photo of the call box site and uploading to the call box system database; and
- Inspection and replacement, if needed, of the interior “HEARING IMPAIRED ONLY” or “VOICE CALL ONLY” stickers/applications inside the call box These stickers are supplied by SBCTA.

CONTRACTOR shall use preventive maintenance visits to protect boxes from corrosion and fading.

The color of all call boxes shall fall between Pantone yellow no. FL100 and Pantone yellow no. FL123. CONTRACTOR shall replace or repair any such defective enclosures in a timely and satisfactory manner. Preventative maintenance tasks and costs are the responsibility of the CONTRACTOR as part of the preventative maintenance cost indicated in the Price Proposal. CONTRACTOR shall keep track of the work performed for each preventative maintenance visit in the call box system database.

Task C. Knockdown and Vandalism Repairs

Once informed of damage, CONTRACTOR shall perform maintenance repairs and/or replacements required as a result of damage by collisions, vandalism, or other willful acts, and other such causes (including insect intrusion). CONTRACTOR may become aware of damage to call boxes in various ways, including receiving notification from SBCTA, the CAC, or the CHP, by observing the damage, or by receiving a signal from the call box's built-in sensor that it is no longer perpendicular to the ground. The knockdown repair limit for which CONTRACTOR is responsible will be twelve percent (12%) of the system total each Fiscal Year, July 1 – June 30.

1. Knockdown Repairs

Knockdown repairs shall be defined as services conducted by CONTRACTOR to restore call boxes to full operability after being knocked down by vehicle collision or other such causes. CONTRACTOR shall make work orders and other related information on a knocked down call box readily available to SBCTA to assist in knockdown recovery efforts.

2. Vandalism Repairs

Vandalism repairs shall be defined as services conducted by CONTRACTOR to repair call boxes, call box sites or call box components damaged as a result of vandalism, willful acts, or other such causes (including insect intrusion). Such tasks shall include but not be limited to: replacing broken outer door, repairing ripped handset, removing graffiti from signs or call box housing, and repairing damaged site material pads, retaining walls, etc. CONTRACTOR shall salvage any or all parts of the damaged call box as long as the integrity of the component is not compromised. If no foundation work is required, CONTRACTOR shall have the call box placed back in service by 4:00 p.m. on the same day for knockdown or vandalism events reported by 8:00 a.m. on a workday. For damages reported after 8:00 a.m., the CONTRACTOR shall have the call box back in service by 4:00 p.m. on the following workday. If foundation work is required, CONTRACTOR shall have the call box placed back in service by 4:00 p.m. on the second workday following notification. For events reported on a holiday or weekend, the call box shall be repaired by 4:00 p.m. on the first workday if no foundation work is required, or by 4:00 p.m. on the second workday following the notification of the event if foundation work is required.

In some cases, knockdown and vandalism repairs may be needed as soon as possible because of a potential hazard or urgent safety concern. CONTRACTOR may be notified by SBCTA should they be notified by CHP or another agency. Upon receiving the notification, CONTRACTOR shall respond within a four (4) business hour period.

Task D. Temporary Removal and Reinstallation

1. Temporary Removals

At the request of SBCTA, CONTRACTOR shall remove call boxes from existing locations on an as needed basis to accommodate freeway construction activity and other projects that come into conflict with SBCTA call boxes. Whenever possible, SBCTA will give one (1) week notice to CONTRACTOR of upcoming temporary call box removal. In special cases removals may be required immediately. SBCTA retains ownership of call boxes authorized for removal, and CONTRACTOR shall store removed boxes at its location and make all removed call boxes available for reinstallation at any time. CONTRACTOR shall coordinate the removal (including de-activation of necessary call box alarms prior to removals and possible de-activation of long term temporary removals) and storage of call boxes as requested by SBCTA. CONTRACTOR shall also maintain proper inventory

documentation. In some cases, CONTRACTOR may need to pick up boxes that are temporarily removed by Caltrans or its contractors at off site locations. Coordination for pick up shall be the responsibility of the CONTRACTOR. Some call boxes may be temporarily removed for several years, depending on the nature of the construction project.

The temporary removal and reinstallation limit will be ten percent (10%) of the system total for the Fiscal Year, July 1 – June 30.

2. Reinstallation

Once the construction project is complete and the call box removal is no longer needed, CONTRACTOR shall coordinate with SBCTA reinstallation and deferred installation tasks, including permitting, site approval, installation, and reactivation. CONTRACTOR shall have the call box reinstalled and operational within three weeks of notification. Some construction projects may cause the call box to be permanently inaccessible. In such cases, CONTRACTOR shall recommend new locations for the call boxes to SBCTA. SBCTA, however, has discretion to permanently remove, rather than relocate, such locations. After reinstallation has been completed, a photo of the call box site shall be taken and uploaded to the call box system database. Should the call boxes have new sign numbers or phone numbers due to relocation, CONTRACTOR shall immediately notify SBCTA and CAC, in writing, of the changes before they are implemented, to allow an opportunity to provide updates to the maintenance system and call answering systems for CHP and American Automobile Association.

Task E. Permanent Removals

At the request of SBCTA, CONTRACTOR shall permanently remove call boxes from the system in accordance with current CHP/Caltrans Call Box and Motorist Aid Guidelines - Attachment E. Such removals may be necessary throughout the term of the contract. SBCTA reserves the right to reduce the number of call boxes at any time during the term of this agreement. CONTRACTOR shall be responsible for all permanent removal activity, including the cancellation of phone numbers with the service provider. Permanently removed call boxes shall be returned to SBCTA's inventory. CONTRACTOR shall store the removed call box with enclosure, pole, signs, solar panel, and assemblies at locations designated by SBCTA. The stored materials and parts may then be used by CONTRACTOR in performing maintenance tasks for SBCTA's call box system from which the materials and parts originated.

Task F. Special Projects

CONTRACTOR may be requested to conduct special projects throughout the term of the Contract. Special projects may include but are not limited to: installation of new cellular and satellite call boxes for SBCTA, partner agencies, and other entities; removal or relocation of call boxes due to special circumstances; cellular upgrade of call boxes; evaluation and modification of call box sites to comply with ADA requirements; as described in the CHP/Caltrans Call Box and Motorist Aid Guidelines - Attachment E; and special site evaluations and other special projects related to the call box system as needed. All special projects will be requested by SBCTA and agreed upon by both parties in writing.

IV. ADMINISTRATIVE TASKS

CONTRACTOR shall be responsible for the administrative tasks detailed below in order to perform maintenance tasks. These administrative tasks shall be included within the flat rate for maintenance proposed by the Proposer.

A. Meetings, Field Surveys, and Correspondences

CONTRACTOR shall be required to attend meetings that relate to the call box system as requested by the SBCTA Project Manager. CONTRACTOR shall respond to SBCTA's written and email inquiries regarding the call box system. In addition, coordination with SBCTA staff may be required to assist in producing a monthly report of call box statistical information. At the request of SBCTA, CONTRACTOR shall provide pictures, plans, drawings, maps, and other documents to SBCTA at no additional cost.

B. Encroachment Permits

Encroachment permits are required prior to doing work on Caltrans and County-owned right of way. CONTRACTOR shall be the primary point of contact for Caltrans and County permit issues related to the system and shall coordinate final field surveys and field review meetings to approve or modify call box locations with Caltrans, the County (Fort Irwin Road), CHP, and SBCTA. SBCTA shall prepare and submit encroachment permit applications as required, with assistance from CONTRACTOR as needed. If required, CONTRACTOR shall be responsible for fees associated with CONTRACTOR's permits. CONTRACTOR shall comply with all terms of the permits, particularly any requirements related to lane closures necessary to complete the tasks under this SOW, and shall ensure permits are in effect prior to conducting any work.

C. Inventory and Supplies

CONTRACTOR shall be responsible for the general upkeep of SBCTA's call box storage, including tracking inventory of supplies, disposing of obsolete and irreparable parts, and organizing components within the storage facility. SBCTA occasionally sells used call box supplies to other vendors and may request CONTRACTOR to coordinate sale and delivery of such supplies.

D. Maintenance System Management

CONTRACTOR shall maintain and frequently update the call box maintenance system to reflect changes in site location, site type, etc. CONTRACTOR shall also maintain an accurate, up-to-date database containing information on the entire call box system, as described in Section II.

E. Reporting

CONTRACTOR shall provide access to the following database and reports as requested by SBCTA:

- Call Box System Database – ongoing access via Internet connection;
- Call Box Maintenance Exception Report - a report of all cellular call boxes that have failed to report into the maintenance system after one (1) day, and a report of all satellite call boxes that have failed to report into the maintenance system after five (5) days;
- Call Box Preventative Maintenance Report - a report of the call boxes visited that month, including the date and time and description of work completed; and
- Call Box Corrective Maintenance Report - a report of call boxes visited that month, including the date and time and description of work completed.

V. RECOVERY SERVICES

CONTRACTOR shall keep an updated call box summary/pricing sheet and shall submit an updated Microsoft Excel form on a quarterly basis to SBCTA. In addition, the technician's work order, including the materials and equipment replaced, must be submitted with the monthly invoicing. Therefore, all materials and equipment listed on the work orders should have a corresponding item on the cost summary/Pricing Sheet.

CONSULTANT further agrees that in the performance of this Contract, no person having any such interest shall be employed. Such data or information may not be used or copied for direct or indirect use outside of this Project by CONSULTANT without the express written consent of SBCTA.
- 17.3 Except as reasonably necessary for the performance of the Work, CONSULTANT agrees that it, its employees, agents and subconsultants will hold in confidence and not divulge to third parties, without prior written consent of SBCTA, any information obtained by CONSULTANT from or through SBCTA unless (a) the information was known to CONSULTANT prior to obtaining same from SBCTA, or (b) the information was at the time of disclosure to CONSULTANT, or thereafter becomes, part of the public domain, but not as a result of the fault or an unauthorized disclosure of CONSULTANT or its employees, agents, or subconsultants, or (c) the information was obtained by CONSULTANT from a third party who did not receive the same, directly or indirectly, from SBCTA and who had, to CONSULTANT's knowledge and belief, the right to disclose the same. ARTICLE 18. TERMINATION

- 18.1 Termination for Convenience - SBCTA shall have the right at any time, with or without cause, to terminate further performance of Work by giving thirty (30) calendar days written notice to CONSULTANT specifying the date of termination. In the event of such termination by SBCTA, SBCTA may take possession of the deliverables and finished Work by whatever method SBCTA may deem expedient. A waiver by SBCTA of one default of CONSULTANT shall not be considered to be a waiver of any subsequent default of CONSULTANT, of the same or any other provision, nor be deemed to waive, amend, or modify any term of this Contract.
- 18.2.1 CONSULTANT shall deliver to SBCTA all finished and unfinished deliverables under this Contract prepared by CONSULTANT or its subconsultants or furnished to CONSULTANT by SBCTA within ten (10) working days of said notice.
- 18.3 All claims for compensation or reimbursement of costs under any of the foregoing provisions shall be supported by documentation submitted to SBCTA, satisfactory in form and content to SBCTA and verified by SBCTA. In no event shall CONSULTANT be entitled to any payment for prospective profits or any damages because of such termination.

Best rating of A-VII or better and if policies are written by insurance carriers that are non- admitted but authorized to conduct business in the state of California, then they must meet the current A.M. Best rating of A-X or better, unless otherwise approved in writing by SBCTA’s Risk Manager.

21.2.2 Additional Insured Coverage. All policies, except those for Workers’ Compensation and Professional Liability insurance, shall be endorsed by ISO Form CG 20 10 11 85, or if not available, then ISO Form CG 20 38, to name San Bernardino County Transportation Authority, State of California and their respective officers, directors, members, employees, and agents, as additional insureds (“Additional Insureds”). With respect to general liability arising out of or connected with work or operations performed by or on behalf of the CONSULTANT under this Contract, coverage for such Additional Insureds shall not extend to liability to the extent prohibited by section 11580.04 of the Insurance Code. The additional insured endorsements shall not limit the scope of coverage for SBCTA to vicarious liability, but shall allow coverage for SBCTA to the full extent provided by the policy.

21.2.3 Proof of Coverage. Evidence of insurance in a form acceptable to SBCTA’s Risk Manager, including declarations pages of each policy, certificates of insurance and the

required additional insured endorsements, shall be provided to SBCTA's Procurement Analyst prior to issuance of the NTP or prior to commencing any Work, as SBCTA specifies. Certificate(s) of insurance, as evidence of the required insurance shall: be executed by a duly authorized representative of each insurer; show compliance with the insurance requirements set forth in this Article; set forth deductible amounts applicable to each policy; list all exclusions which are added by endorsement to each policy; and also include the Contract Number and the SBCTA Project Manager's name on the face of the certificate. If requested in writing by SBCTA, CONSULTANT shall submit complete copies of all required insurance policies within ten (10) business days of a written request by SBCTA.

21.2.4 Deductibles and Self-Insured Retention. Regardless of the allowance of exclusions or deductibles by SBCTA, CONTRACTOR shall be responsible for any deductible or self-insured retention (SIR) amount and shall warrant that the coverage provided to SBCTA is consistent with the requirements of this Article. CONTRACTOR will pay, and shall require its sub-CONTRACTORS to pay, all deductibles, co-pay obligations, premiums and any other sums due under the insurance required in this Article. Any deductibles or self-insured retentions must be declared to and approved in writing by SBCTA's Risk Manager. Without SBCTA's Risk Manager's expressed written approval no deductibles or SIR will be allowed. At the option of SBCTA, if the deductible or SIR is approved and it is greater than \$10,000 or one (1) percent of the amount of coverage required under this Contract, whichever is less, the CONTRACTOR shall guarantee that either: (1) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects to SBCTA, its directors, officials, officers, employees and agents; or, (2) the CONTRACTOR shall procure a bond guaranteeing the amount of the deductible or self-insured retention. SBCTA shall have the right to review any and all financial records that SBCTA, at its sole discretion deems necessary to approve any deductible or SIR. SBCTA will have the right, but not the obligation, to pay any deductible or SIR due under any insurance policy. If SBCTA pays any sums due under any insurance required above, SBCTA may withhold said sums from any amounts due to CONTRACTOR. The Contractor's policies will neither obligate nor prohibit SBCTA or any other Additional Insured, from paying any portion of any Contractor's deductible or SIR.

21.2.5 CONSULTANT's and Subconsultants' Insurance will be Primary. All policies required to be maintained by the CONSULTANT or any subconsultant, with the exception of Professional Liability and Worker's Compensation shall be endorsed, with a form at least as broad as ISO Form CG 20 01 04 13, to be primary coverage, and any coverage carried by any of the Additional Insureds shall be excess and non-contributory. Further, none of CONSULTANT's or subconsultants' pollution, automobile, general liability or other liability policies (primary or excess) will contain any cross-liability exclusion barring coverage for claims by an additional insured against a named insured.

21.2.6 Waiver of Subrogation Rights. To the fullest extent permitted by law, CONSULTANT hereby waives all rights of recovery under subrogation against the Additional Insureds named herein, and any other consultant, subconsultant or sub-

subconsultant performing work or rendering services on behalf of SBCTA in connection with the planning, development and construction of the Project. To the fullest extent permitted by law, CONSULTANT shall require similar written express waivers and insurance clauses from each of its subconsultants of every tier. CONSULTANT shall require all of the policies and coverages required in this Article to waive all rights of subrogation against the Additional Insureds (ISO Form CG 24 04 05 09). Such insurance and coverages provided shall not prohibit CONSULTANT from waiving the right of subrogation prior to a loss or claim.

- 21.2.7 Cancellation. If any insurance company elects to cancel or non-renew coverage for any reason, CONSULTANT will provide SBCTA thirty (30) days prior written notice of such cancellation or nonrenewal. If the policy is cancelled for nonpayment of premium, CONSULTANT will provide SBCTA ten (10) days prior written notice. In any event, CONSULTANT will provide SBCTA with a copy of any notice of termination or notice of any other change to any insurance coverage required herein which CONSULTANT receives within one business day after CONSULTANT receives it by submitting it to SBCTA at procurement@gosbcta.com, to the attention of SBCTA's Procurement Analyst, and by depositing a copy of the notice in the U.S. Mail in accordance with the notice provisions of this Contract.
- 21.2.8 Enforcement. SBCTA may take any steps as are necessary to assure CONSULTANT's compliance with its insurance obligations as identified within this Article. Failure to continuously maintain insurance coverage as provided herein is a material breach of contract. In the event the CONSULTANT fails to obtain or maintain any insurance coverage required, SBCTA may, but is not required to, maintain this coverage and charge the expense to the CONSULTANT or withhold such expense from amounts owed CONSULTANT, or terminate this Contract. The insurance required or provided shall in no way limit or relieve CONSULTANT of its duties and responsibility under the Contract, including but not limited to obligation to indemnify, defend and hold harmless the Indemnitees named below. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve CONSULTANT for liability in excess of such coverage, nor shall it preclude SBCTA from taking other actions as available to it under any other provision of the Contract or law. Nothing contained herein shall relieve CONSULTANT, or any subconsultant of any tier of their obligations to exercise due care in the performance of their duties in connection with the Work, and to complete the Work in strict compliance with the Contract.
- 21.2.9 No Waiver. Failure of SBCTA to enforce in a timely manner any of the provisions of this Article shall not act as a waiver to enforcement of any of these provisions at a later date.
- 21.2.10 Subconsultant Insurance. Insurance required of the CONSULTANT shall be also provided by subconsultants or by CONSULTANT on behalf of all subconsultants to cover their services performed under this Contract. CONSULTANT may reduce types and the amounts of insurance limits provided by subconsultant(s) to be proportionate to the amount of the subconsultant's contract and the level of liability exposure for the specific type of work performed by the subconsultant. CONSULTANT shall be held

responsible for all modifications, deviations, or omissions in these insurance requirements as they apply to subconsultant.

21.2.11 Higher limits. If CONSULTANT maintains higher limits than the minimums shown above, SBCTA shall be entitled to coverage for the higher limits maintained by CONSULTANT. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to SBCTA.

21.2.12 Special Risks or Circumstances. SBCTA reserves the right to modify any or all of the above insurance requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

ARTICLE 22. INDEMNITY

22.1 To the extent, but only to the extent, that CONSULTANT's Work falls within the scope of Civil Code Section 2782.8, the following indemnification is applicable:

CONSULTANT shall indemnify and defend (with legal counsel reasonably approved by SBCTA) SBCTA, SBCTA's Entities, State of California, and each of their authorized officers, employees, agents and volunteers ("Indemnitees"), from any and all losses, damages, liability, actions, and/or costs for claims that arise out of, pertain to, or are related to the negligence, recklessness, or willful misconduct of the professional to the maximum extent permitted by Civil Code Section 2782.8.

22.2 For all other Work and obligations under this Contract, CONSULTANT agrees to indemnify, defend (with legal counsel reasonably approved by SBCTA) and hold harmless SBCTA, SBCTA's Entities, State of California, and each of their authorized officers, employees, agents and volunteers ("Indemnitees"), from any and all claims, actions, losses, damages and/or liability (Claims) arising out of this Contract from any cause whatsoever, including acts, errors, or omissions of any person and for any costs or expenses incurred by any indemnitee on account of any claim, except where such indemnification is prohibited by law. This indemnification provision shall apply regardless of the existence or degree of fault of Indemnitees. CONSULTANT's indemnification obligation applies to any indemnitee's "active" as well as "passive" negligence, but does not apply to the "sole negligence" or "willful misconduct" within the meaning of Civil Code section 2782 of any indemnitee.

ARTICLE 23. ERRORS AND OMISSIONS

CONSULTANT shall be responsible for the professional quality, technical accuracy, and coordination of all Work required under this Contract. CONSULTANT shall be liable for SBCTA's costs resulting from errors or deficiencies in Work furnished under this Contract, including, but not limited to, any fines, penalties, damages, and costs required because of an error or deficiency in the Work provided by CONSULTANT under this Contract.

ARTICLE 24. OWNERSHIP OF DOCUMENTS

All deliverables, including but not limited to, drawings, reports, worksheets, and other data developed by CONSULTANT under this Contract shall become the sole property of SBCTA when prepared, whether delivered to SBCTA or not.

ARTICLE 25. SUBCONTRACTS

- 25.1 CONSULTANT shall not subcontract performance of all or any portion of Work under this Contract, except to those subconsultants listed in CONSULTANT's proposal, without first notifying SBCTA in writing of the intended subcontracting and obtaining SBCTA's written approval of the subcontracting and the subconsultant. The definition of subconsultant and the requirements for subconsultants hereunder shall include all subcontracts at any tier.
- 25.2 CONSULTANT agrees that any and all subconsultants of CONSULTANT performing Work under this Contract will comply with the terms and conditions of this Contract applicable to the portion of Work performed by them. CONSULTANT shall incorporate all applicable provisions of this Contract into their subcontracts regardless of the tier. If requested by SBCTA, CONSULTANT shall furnish SBCTA a copy of the proposed subcontract for SBCTA's approval of the terms and conditions thereof and shall not execute such subcontract until SBCTA has approved such terms and conditions. SBCTA's approval shall not be unreasonably withheld.
- 25.3 Approval by SBCTA of any Work to be subcontracted and the subconsultant to perform said Work will not relieve CONSULTANT of any responsibility or liability in regard to the acceptable and complete performance of said Work. Any substitution of subconsultants must be approved in writing by SBCTA. CONSULTANT shall have sole responsibility for managing all of their subconsultants, including resolution of any disputes between CONSULTANT and its subconsultants.

ARTICLE 26. RECORD INSPECTION AND AUDITING

SBCTA or any of its designees, representatives, or agents shall at all times have access during normal business hours to CONSULTANT's operations and products wherever they are in preparation or progress, and CONSULTANT shall provide sufficient, safe, and proper facilities for such access and inspection thereof. Inspection or lack of inspection by SBCTA shall not be deemed to be a waiver of any of their rights to require CONSULTANT to comply with the Contract or to subsequently reject unsatisfactory Work or products.

ARTICLE 27. INDEPENDENT CONTRACTOR

CONSULTANT is and shall be at all times an independent contractor. Accordingly, all Work provided by CONSULTANT shall be done and performed by CONSULTANT under the sole supervision, direction and control of CONSULTANT. SBCTA shall rely on CONSULTANT for results only, and shall have no right at any time to direct or supervise CONSULTANT or CONSULTANT's employees in the performance of Work or as to the manner, means and methods by which Work is performed. All personnel furnished by CONSULTANT pursuant to this Contract, and all representatives of CONSULTANT, shall be and remain the employees or agents of CONSULTANT or of CONSULTANT's subconsultant(s) at all times, and shall not at any time or for any purpose whatsoever be considered employees or agents of SBCTA.

ARTICLE 28. ATTORNEY'S FEES

If any legal action is instituted to enforce or declare any Party's rights under the Contract, each Party, including the prevailing Party, must bear its own costs and attorneys' fees. This Article shall not apply

to those costs and attorneys' fees directly arising from any third party legal action against a Party hereto and payable under the "Indemnity" provision of the Contract.

ARTICLE 29. GOVERNING LAW AND VENUE

This Contract shall be subject to the law and jurisdiction of the State of California. The Parties acknowledge and agree that this Contract was entered into and intended to be performed in whole or substantial part in San Bernardino County, California. The Parties agree that the venue for any action or claim brought by any Party to this Contract will be the Superior Court of California, San Bernardino County. Each Party hereby waives any law or rule of court which would allow them to request or demand a change of venue. If any action or claim concerning this Contract is brought by any third party, the Parties hereto agree to use their best efforts to obtain a change of venue to the Superior Court of California, San Bernardino County.

ARTICLE 30. FEDERAL, STATE AND LOCAL LAWS

CONSULTANT warrants that in the performance of this Contract, it shall comply with all applicable federal, State and local laws, ordinances, rules and regulations.
