

# I-10/Cedar Avenue Interchange Project

San Bernardino County  
Transportation Authority

Bloomington MAC  
Wednesday, September 6 | 6:00 p.m.

Not all improvements are shown

Add one right-turn lane to WB on-ramp

Replace bridge rail and sidewalk

Add two lanes at WB off-ramp

Add left-turn pocket

Add one lane at EB off-ramp

Widen Cedar Avenue from 6 to 10 lanes

Replace Cedar Avenue over railroad tracks

# PROJECT OVERVIEW

## **April 2023 – Summer 2025**

Reconstruct east side of bridge

## **Summer 2025 – Spring 2026**

Reconstruct west side of bridge

## **Spring 2026 – Summer 2026**

Rehab west portion of bridge surfacing, sidewalk, and bridge barrier

## **Late 2026**

Erosion control

*\*Please remember construction is dynamic and the schedule is subject to change.*

## East Half of Bridge over I-10

- Partial demolition in April 2023
- Reconstruction through summer 2025

## WB Off-Ramp

- Sound wall construction and paving behind k-rail complete

## WB On-Ramp

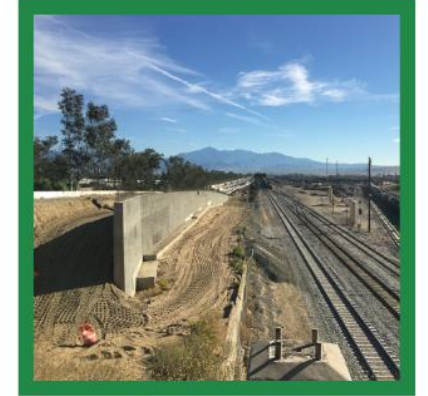

- Sound wall construction and paving complete

## EB On-Ramp

- Retaining wall construction complete

## EB Off-Ramp

- Retaining wall construction in progress

### **East Half of Bridge over Railroad Tracks**

- September 2024
- Demolish and reconstruct east half of bridge

### **10-Day Closure of WB Off-Ramp**

- Late 2024
- Pave existing ramp and tie in with newly constructed west half of Cedar Avenue bridge

### **Traffic Switch**

- Summer 2025
- Switch traffic to newly constructed east half of Cedar Avenue bridge

### **West Half of Bridge over I-10 and Railroad Tracks**

- Summer 2025
- Reconstruct west half bridge

# Community Notice

## PARTIAL DEMOLITION OF THE EAST HALF OF CEDAR AVENUE BRIDGE

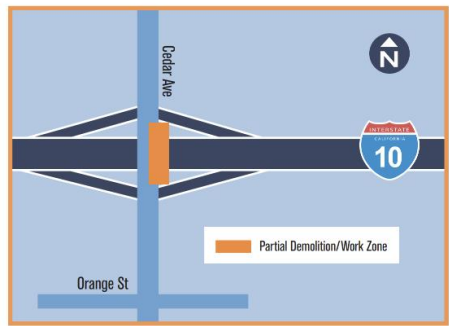

**WHAT'S HAPPENING:** Crews are scheduled to partially demolish the east side of the Cedar Avenue bridge above the I-10 freeway over two consecutive weekends in April 2023. Work to reconstruct and widen this portion of the bridge will take approximately 12 months to complete.

To safely facilitate demolition activities, nighttime directional freeway closures will occur on eastbound (EB) and westbound (WB) I-10 at Cedar Avenue. Crews will close one direction of the freeway during the first weekend of demolition activities, and then switch and close the opposite direction of the freeway during the second weekend. Cedar Avenue will also be closed at night between Valley Boulevard and Slover Avenue during both weekends. Please visit [goSBCTA.com/i10Cedar](http://goSBCTA.com/i10Cedar) for a full list of closure times and suggested detours.

**WHEN:** Demolition work and closures will take place overnight on the following dates:

- Friday, April 14 and Saturday, April 15 (EB I-10, Cedar Avenue)
- Friday, April 21 and Saturday, April 22 (WB I-10, Cedar Avenue)

**WHAT TO EXPECT:** Construction and bridge demolition is loud and dusty. Large equipment including excavators with drill attachments, haul trucks, and water trucks may be used. Vibration will occur at times. You may hear hammering, banging, back up alarms, and engine noises as well as see bright lights from light towers and sparks from saw cutting.

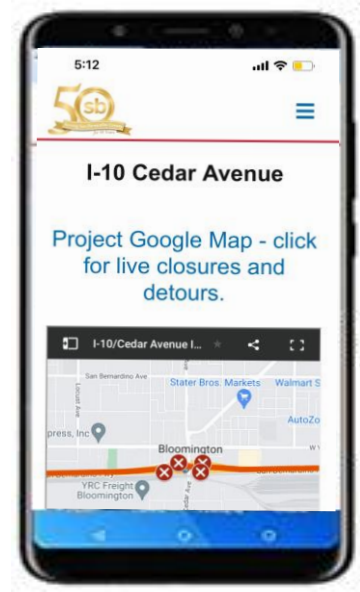

Our team is here to help you navigate through construction. We encourage you to sign up for weekly construction alerts at [goSBCTA.com/i10Cedar](http://goSBCTA.com/i10Cedar) and to download the project Google Map and to download the project Google Map in real-time.

## CONSTRUCTION UPDATE

### Week of August 25, 2024

### WEEKLY PROJECT CLOSURES

The closures listed below are required next week to facilitate work on the I-10/Cedar Avenue Interchange Project:

The following closure will take place nightly from 8:00 p.m. to 4:00 a.m., Sunday, August 25 through Thursday, August 29 (into Friday morning):

- Westbound (WB) I-10 off-ramp at Cedar Avenue

At times, this work may be loud or cause dust and vibration. Traffic delays are expected. Motorists are encouraged to plan ahead, allow extra time to reach your destination or use alternate routes if possible.

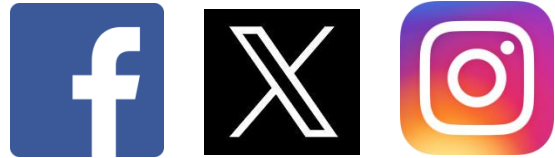

**Plan. Build. Move.**
